ALUMNI WEEKEND

SEPTEMBER 15-16, 2017

UF College of Medicine
UNIVERSITY of FLORIDA
Welcome home!

Dear University of Florida medical alumni:

No matter how long it has been or how far you have gone, there is always a place for you to reconnect at the University of Florida College of Medicine. I hope you will join us in Gainesville this September for Alumni Weekend 2017 to see classmates and friends, celebrate alumni achievement and learn how your alma mater is thriving.

Campus comes alive each year during Alumni Weekend, as hundreds of alumni, friends and families return to the UF College of Medicine. This reunion offers a variety of special events for a weekend of fun, food and memories, including the Notable Alumnus Lecture, the reunion classes celebration dinner, George T. Harrell, MD, Medical Education Building tours and football tailgating. Together, we will honor the impact our great college had on our professional aspirations, rekindle old friendships and reminisce about our time spent at the UF College of Medicine.

It is my hope you will consider returning to campus for Alumni Weekend. Please register to attend one or more of the Alumni Weekend events, encourage your classmates to attend, and consider making a class gift to support the college’s critical goals. I also encourage you to consider participating in other events, such as our student panel discussion or student/alumni speed networking event. Come see what it is like to be a student today and share your experiences with the next generation of great Gator physicians, physician assistants and researchers.

Thank you for your time, dedication and commitment to the UF College of Medicine and Medical Alumni Association. Mark your calendar for September 15-16, to come home, celebrate the past and contribute to the future of excellence in medical education. I look forward to seeing you all at Alumni Weekend 2017. Go Gators!

Sincerely,

James B. Duke, MD ‘85
President, UF Medical Alumni Association
FRIDAY EVENTS — DAY 1
SEPTEMBER 15, 2017

1 p.m. – 2 p.m.
THE FUTURE OF MEDICINE: STUDENT PANEL
North Learning Studio, George T. Harrell, MD, Medical Education Building
Would you do it all over again? Have you wondered what it would be like to attend the UF College of Medicine today? Don’t miss this student panel Q&A comprising current students from the MD, MD/PhD, PhD and PA programs.

2:15 p.m. – 2:15 p.m.
NOTABLE ALUMNUS LECTURE — SAMUEL R. BROWD, MD, ’00, PHD ’00
George T. Harrell, MD, Medical Education Building
Innovation and Impact: Disrupting the football helmet industry — North Learning Studio, George T. Harrell, MD, Medical Education Building
Dr. Samuel R. Browd, MD, PhD, FACS, FAANS, FAAP, is an experienced inventor and entrepreneur as well as a highly regarded professor of pediatric neurological surgery at the University of Washington. Dr. Browd co-founded four biomedical start-ups out of the University of Washington, where he serves in various leadership roles ranging from CEO to chief medical officer, including board-directorship for each company. Dr. Browd is co-founder and CMO of three companies: Aqueduct Critical Care Inc., which is developing a self-regulating device to manage brain ventricular drains; Nawics Inc., a company developing a micro-ultrasound device to accurately place catheters into the brain; and VIGIC Inc., which is developing an improved football helmet designed to mitigate the forces likely to cause concussion. He is also the co-founder and CEO of eScope Inc., which is developing unique visualization technologies for virtual and augmented reality in medicine and industry. Dr. Browd serves as a UW Presidential Entrepreneurial Faculty Fellow and is on the advisory board of CoMotion, the commercialization arm of UW. In addition, he teaches at the Foster School of Business, lectures internationally on biomedical innovation and commercialization and was named inventor of the year in 2016 for the UW School of Medicine.

3:30 p.m. – 4:30 p.m
INNOVATIONS IN RESEARCH
North Learning Studio, George T. Harrell, MD, Medical Education Building
Come hear from UF College of Medicine research faculty as they share their current projects, findings and implications for the future of medicine. This will be a panel session with a Q&A to follow. Speakers include Ashley Brown, PhD; Matthias Propper, PhD; and Eric Wang, PhD.

3:30 p.m. – 4:30 p.m
INNOVATIONS IN RESEARCH
North Learning Studio, George T. Harrell, MD, Medical Education Building

6:30 p.m. – 9:30 p.m.
CELEBRATING CLASSES DINNER
South Learning Studio, George T. Harrell, MD, Medical Education Building
After a day of excitement and enrichment, the Celebrating Classes Dinner and cocktail hour is the perfect way to connect with your classmates. The celebrating classes — 1962, 1967, 1972, 1977, 1982, 1987, 1992, 1997, 2002, 2007 and 2012 — will enjoy a cocktail hour (beer and wine only) by class year and a seated dinner in the Learning Studio. Excellent catering, an elegantly decorated setting and an entertaining video presentation will complete the evening.

— $75 per person /$55 per person for graduates and guests of classes of 2007 and 2012

SATURDAY EVENTS — DAY 2
SEPTEMBER 16, 2017

Four Hours Prior to Kickoff
GEORGE T. HARRELL, MD, MEDICAL EDUCATION BUILDING TOURS
Starts by elevators, George T. Harrell, MD, Medical Education Building
We welcome alumni and friends to see firsthand how today’s medical students are learning through small group tours of the building led by students and staff. Tours will include a special presentation in the simulation center.

Time TBA
DIVERSITY & HEALTH EQUITY BRUNCH
George T. Harrell, MD, Medical Education Building
As the College of Medicine grows, we are committed to supporting diversity and health equity, not only within medical education but also in our community. Come meet Donna Parker, MD ’90, associate dean for diversity and health equity, as she provides an update on her office’s initiatives, and also hear a current student’s perspective on diversity and health equity.

Time TBA
STUDENT/ALUMNI SPEED NETWORKING
George T. Harrell, MD, Medical Education Building
Do you have words of wisdom to share with medical students? Do you wish you had the opportunity to speak with alumni from the college to get advice before you graduated? This is your chance to participate in a speed networking event, set up similar to speed dating, where students will rotate through the room, meeting the alumni present.

Game Time
WATCH PARTY
George T. Harrell, MD, Medical Education Building
Feel free to stay put and watch the game here, without the crowds, at our Watch Party!

— $30 per adult / $15 per child under the age of 13 / Free for children under 2

Time TBA
UNIVERSITY OF FLORIDA VS. TENNESSEE
Ben Hill Griffin Stadium – Gale Lemerand Drive
Are you ready to Gator Chomp in The Swamp? A limited number of tickets are available for the UF vs. Tennessee football game! Each registered UF College of Medicine alumnus can purchase up to four tickets on a first-come, first-served basis. We are also hosting the Annual Tailgate & Watch Party during the game at the Harrell Medical Education Building. Go Gators!

FOR MORE INFORMATION, VISIT US ONLINE AT:
degators.ufl.edu/aw
GAINESVILLE REGIONAL AIRPORT
Gainesville Regional Airport (GNV) is located approximately 8 miles from the College of Medicine campus and Archer Road-area hotels. For more information, visit www.gra-gnv.com or call 352.373.0249.

JACKSONVILLE INTERNATIONAL AIRPORT
Jacksonville International Airport (JAX) is located approximately 85 miles from Gainesville, and travel time by car is approximately one hour and 45 minutes. For more information, visit www.flyjax.com or call 904.741.4902.

ORLANDO INTERNATIONAL AIRPORT
Orlando International Airport (MCO) is located approximately 120 miles from Gainesville. Car rental agencies are plentiful, as are other ground transportation options to get you to Gainesville. For more information, visit www.orlandoairports.net or call 407.825.2001.

LET'S START PLANNING
Whether you drive, fly or take a bus, getting to Gainesville is relatively easy. Three airports are located within a two-hour drive or less, and several bus lines regularly provide service.

RETURN, RECONNECT AND RENEW
To your alma mater and learn how the College of Medicine is at the forefront of American medical education.

With former classmates and faculty through a number of events, including a special dinner for celebrating classes and a pregame barbecue.

Your Gator pride while being treated to a special weekend designed especially for College of Medicine alumni and their families.

INNOVATIONS IN RESEARCH SPEAKERS

Ashley Brown, PhD
Assistant Professor, Department of Medicine and Institute for Therapeutic Innovation
Research focus: Identifying antiviral treatment strategies that will improve outcomes in patients infected with viruses, including influenza, hepatitis C and HIV.

Mattia Prosperi, PhD
Associate Professor, Department of Epidemiology and Emerging Pathogens Institute
Research focus: Developing original methods and applications for personalized medicine — exploiting machine learning from a rigorous statistical point of view, and the implementation of software with optimized usability.

Eric Wang, PhD
Assistant Professor, Department of Molecular Genetics & Microbiology and Center for NeuroGenetics
Research focus: Studying the pathogenesis of microsatellite repeat diseases, in particular myotonic dystrophy; studying the basics of how RNA is processed and localized in cells in tissues; and combining insights made in both of those areas to develop treatments for people with these diseases.

4200 NW 97th Blvd. • 352.331.3336 / 1.877.664.2378
To reserve a room, please call and ask for the “University of Florida Medicine Alum” block. Reserve by August 18. King rooms can be reserved at a rate of $280 and double rooms can be reserved at a rate of $290. Reservations must be a two-night minimum stay (Friday and Saturday).
Return to the UF College of Medicine this fall as more than 200 fellow Gator MDs and PAs reconnect for a celebration of old times while toasting to an exciting future. A unique selection of events, including campus tours, student interaction and time with the dean and faculty, plus good of Orange and Blue tailgating will certainly renew your Gator spirit.

**FOOTBALL TICKETS:**
A limited number of tickets are available for the UF vs. Tennessee football game! Each registered UF College of Medicine alumnus can purchase up to four tickets on a first-come, first-served basis. Additional ticket requests will be honored in the order they are received if tickets remain after September 1. The Ben Hill Griffin Stadium policy is that each person, including infants, who enters the stadium is required to have a ticket. Football tickets are non-refundable. Please note that game seats are located in the Upper Level South End Zone. We will do our best to seat classes together.

**CONFIRMATION & MATERIALS:**
All primary registrants will receive a confirmation email after registering. In August, primary registrants will be mailed a registration packet with their name badges and a document containing all relevant weekend information. Please bring these materials with you to Alumni Weekend.

**IF YOU DO NOT RECEIVE A CONFIRMATION EMAIL AFTER REGISTERING:**
Please check your junk or spam filter and then contact the Office of Medical Alumni Affairs at drgator@health.ufl.edu or 352.273.5939/toll-free 888.DR.GATOR.

Join the conversation on social media using the hashtag #UFMEDREUNION

**NEW STADIUM BAG POLICY:**
Approved bags include clear plastic, vinyl or PVC bags that do not exceed 18”x18”; one-gallon clear, resealable plastic storage bags; small clutch bags no larger than 4.5”x6.5”; medically necessary items (after proper inspection).
