Nashville, TN 37215

PHONE: (615) 414-7434

EMAIL: kvloedc@yahoo.com

UF & SHANDS HOUSESTAFF GRAD YEAR (IF APPLICABLE)

WEBSITE:

Recent professional activities & accomplishments:
After 6 years full time in hospice and palliative care I decided to take a break from clinical medicine. For the last two years I have been working with United Healthcare Community and State to manage long term care service and private duty nursing services for the state of Tennessee. It has been an education in managed care and our state’s Medicaid services, TennCare. I’m currently looking at moving to a position with some clinical component.

Family news:
The kids are getting big. Sara is 14 on swim team, loves her guitar, tolerates her brother and is thriving at school. Eric is 12 looking forward to the start of basketball season and is a math and science nerd. We have a college student, Batey, who lives in the home with us to chauffeur the kids around and keep my life sane. Scout our mutt is just over a year and spoiled rotten.

Other news/activities/hobbies:
We have a cabin up on the plateau where we spend many weekends relaxing with friends. We typically tent camp when the weather is good and use the cabin for oppressive heat or cold. Both kids enjoy scouting and I’m the leader of Sara’s Cadet Troop.

I’m enjoying having older kids that travel well. We went on a cruise in July to the Caribbean and will be in Costa Rica for a mission trip summer 2015.

Favorite memory of medical school and/or Gainesville:
AMSA conferences, Star Trek, Super Mario Brothers and spaghetti dinners.
**NAME:** Ravi Chandrasekhara

**Recent professional activities & accomplishments:**
I recently celebrated my seventeenth year in private practice as an oral surgeon in Oxnard, California. I have been fortunate to have worked in the same practice and with the same partner for my entire career. I still have a hard time accepting the fact that I am no longer the new guy in town, but now a seasoned veteran.

**Family news:**
My wife, Candice and I will celebrate our four year anniversary in November. My step daughter just started her senior year at Cal Poly San Luis Obispo.

**Favorite memory of medical school and/or Gainesville:**
I look forward to getting back to Gainesville for our reunion and a Gator football game. I have a lot of fond memories of attending Florida football games, competing in inter-murals, spending time on rotations with friends, and celebrating our accomplishments with classmates.

Recent professional activities & accomplishments:
I've practiced pediatrics in Florida (Altamonte Springs & Jacksonville), Virginia (Virginia Beach), and Alabama (Daphne & Fairhope). My husband, Michael completed his Navy service and two fellowships in 2010, so we moved back to my hometown. I've been with Island Pediatrics for 4 years. He's a busy gastroenterologist with Borland-Groover, so me working part-time is ideal for our family.

Family news:
Andrew is 16, a junior in the Cambridge AICE program, who enjoys fishing and runs cross-country. Kayla is 12, in 7th grade, and Maria is 7, 2nd grade. They enjoy dance, swim, & piano. The girls and I are part of a halau, and we practice weekly and perform hula and Tahitian with our group at various events.

Other news/activities/hobbies:
I currently volunteer at the Way Free Clinic, Soup Kitchen (as a family), my church and the kid's elementary school. I travelled to Haiti in 2010 for a medical mission, and have spent a few summers volunteering at Camp Boggy Creek during Cancer North Week, with Marci Hartog Slayton and her husband, Bill. I enjoy yoga, hula, watching sunsets, & traveling.
Favorite memory of medical school and/or Gainesville:
Friendships formed right away with so many classmates and bonding with Anne, Stephanie, Holly, Chrissy, Miky, & Keith during our 3rd year rotations. Also meeting my future husband in that Biochemistry class we took the first semester.

Favorite faculty member or advisor:
Dr. Janet Silverstein influenced my decision to go into Pediatrics. Her compassion and passion was evident with every patient she saw. It was cool to see her in action at the Florida Camp for Children and Youth with Diabetes the summer after our first year. She would sing and dance with the children. She treated the whole patient and the family, not just the disease.
Family news:
Live on lake in Orlando with wife Mary and 2 daughters, Kelly (12) and Ashley (11)

Other news/activities/hobbies:
Sailing, waterskiing, wind surfing, surfing, hunting, fishing

Favorite memory of medical school and/or Gainesville:
Crushing Scott Quisling in Ping Pong

**Recent professional activities & accomplishments:**
After getting my MD and PhD (in Neuroscience) at UF, I moved to San Francisco for residency, specialized in pediatric immunology, and joined faculty at UCSF - had my own lab working on HIV vaccine research and worked on clinical trials, and then left academia for biotech in 2003 and moved to Genentech in 2006, where I still work on developing new drugs, primarily for immunologic diseases, asthma and other respiratory disorders.

**Family news:**
I have been with my partner Joe since 1998.

**Other news/activities/hobbies:**
We enjoy traveling - taken some great trips around the US and abroad (Mexico, Canada, Spain, Italy, the Baltics, Costa Rica, Argentina, Galapagos, Borneo, China, and this year we are off to Australia, New Zealand and Fiji).
I grow orchids in a greenhouse in our backyard and we have a tuxedo cat (Teddy).

**Favorite memory of medical school and/or Gainesville:**
Wetlabs in anatomy, physiology and neuroscience; nature walks through Kanapaha gardens where the giant lily pads grow; nights out hearing local bands like NDolphin; record shopping at Hyde & Zeke's; and my final roadtrip after graduation from Florida to California in a huge U-haul truck with a car trailer with Kyan Berger.

**Favorite faculty member or advisor:**
Gerry Shaw
Recent professional activities & accomplishments:
1) Best Pediatrician/physician - Carrollwood
2) Board – Kidcare TV

Family news:
Married to Brian Hauser – 19 years
3 Kids – Jake-16 yo, Molly-14 yo, Brady-9 yo

Other news/activities/hobbies:
We love being parents to 3 kids and attending all of their activities. We love Gator football. We have recently been traveling and showing the kids more of the world.

Favorite memory of medical school and/or Gainesville:
All of my friends and Gator football.

Favorite faculty member or advisor:

Active Member of APDIM (Association of Program Directors in Medicine).
In my spare time, reading, spinning classes, and cooking

Favorite memory of medical school and/or Gainesville:
Flying in a lear jet to Melbourne for an organ harvest and then flying back to scrub in on a 26 hour liver transplant.

Favorite faculty member or advisor:
Dr. Richard Davidson
Dr. Gene Ryerson
NAME: Bob Phillips
SPECIALTY: Family Medicine
PREFERRED ADDRESS: 3728 Morningside Dr
Fairfax, VA 22031
PHONE: (202) 494-0512
EMAIL: bphillips@theabfm.org

Recent professional activities & accomplishments:
After directing the Robert Graham Center for 8 years, I moved to the American Board of Family Medicine 2 years ago as the Vice President for Research & Policy. I’ve built up a new research team in Kentucky and continue to work in and with the Graham Center in DC as well. I balance most of my time between doing research and translating it for policy. I’m a professor at Georgetown and Virginia Commonwealth Universities and also see patients once a week in a community-based residency program. I was elected to the Institute of Medicine of the National Academy of Sciences in 2010 and was a Fulbright Specialist to the Netherlands in 2012.

Family news:
Kathy and I will be married 25 years in 2015. She completed her PhD in Science Education (physics/math) when were in Missouri and does consulting for Scholastic Books and for a research evaluation company. We have three kids: Blake (16), Ethan (13) and Juliet (6). We live in Fairfax, VA.

Other news/activities/hobbies:
I recently became scoutmaster for my boys’ troop and have enjoyed coaching all three kids in basketball. I love to visit health systems in other countries and enjoyed advising the Australian government on their health care reform. Both boys dive now so we try to get to a nice reef every year.
Favorite memory of medical school and/or Gainesville:
Taking care of patients at the VA (ordering whiskey for patients threatening DTs or leaving AMA). Working with Dr. Watson and the FMA to freeze tuition for UF med students for 7 years. Hearing Beth Susi yell, "sit down MEAT."

Favorite faculty member or advisor:
Bob Watson, Rob Hatch
